1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Bowen on February 10, 2004.

2. The application has been amended as follows:

a) Claims 6 and 7 have been canceled as being drawn to a nonelected species.

b) Applicant's amendment to page 3 is on line 18, not line 16. The amendment should read "At page 3, line 18, after "cotton fabric." insert...techniques --".

c) The status of Claim 5 has been changed from (as originally presented) to (original).

3. The following is an examiner's statement of reasons for allowance:

the prior art does not disclose nor suggest treating cotton by the process steps of Claim 1. The closest prior art appears to be 3976828 (Connick, Jr. et al) or RO 109225, but neither teaches conveying the cotton fabric into a tenter frame machine for drying.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Erma Cameron whose telephone number is 571-272-1416. The examiner can normally be reached on 8:30-6:00, alternate Fridays off.
